

House Fire Safety for pets

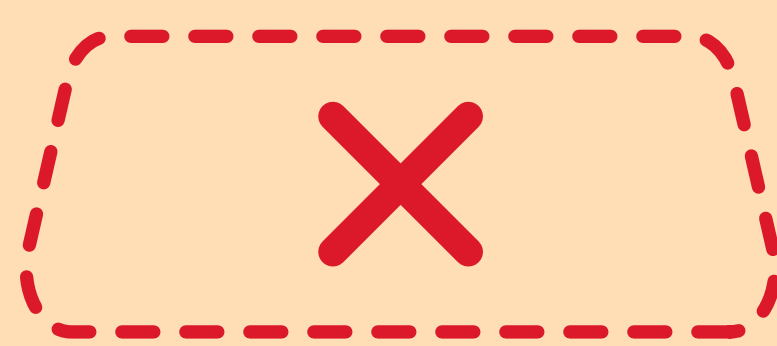

Prevention

Reducing fire risks at home

Create **pet-free zones** around fire hazards

Secure and replace **damaged electrical cords**

Never leave **candles** unattended

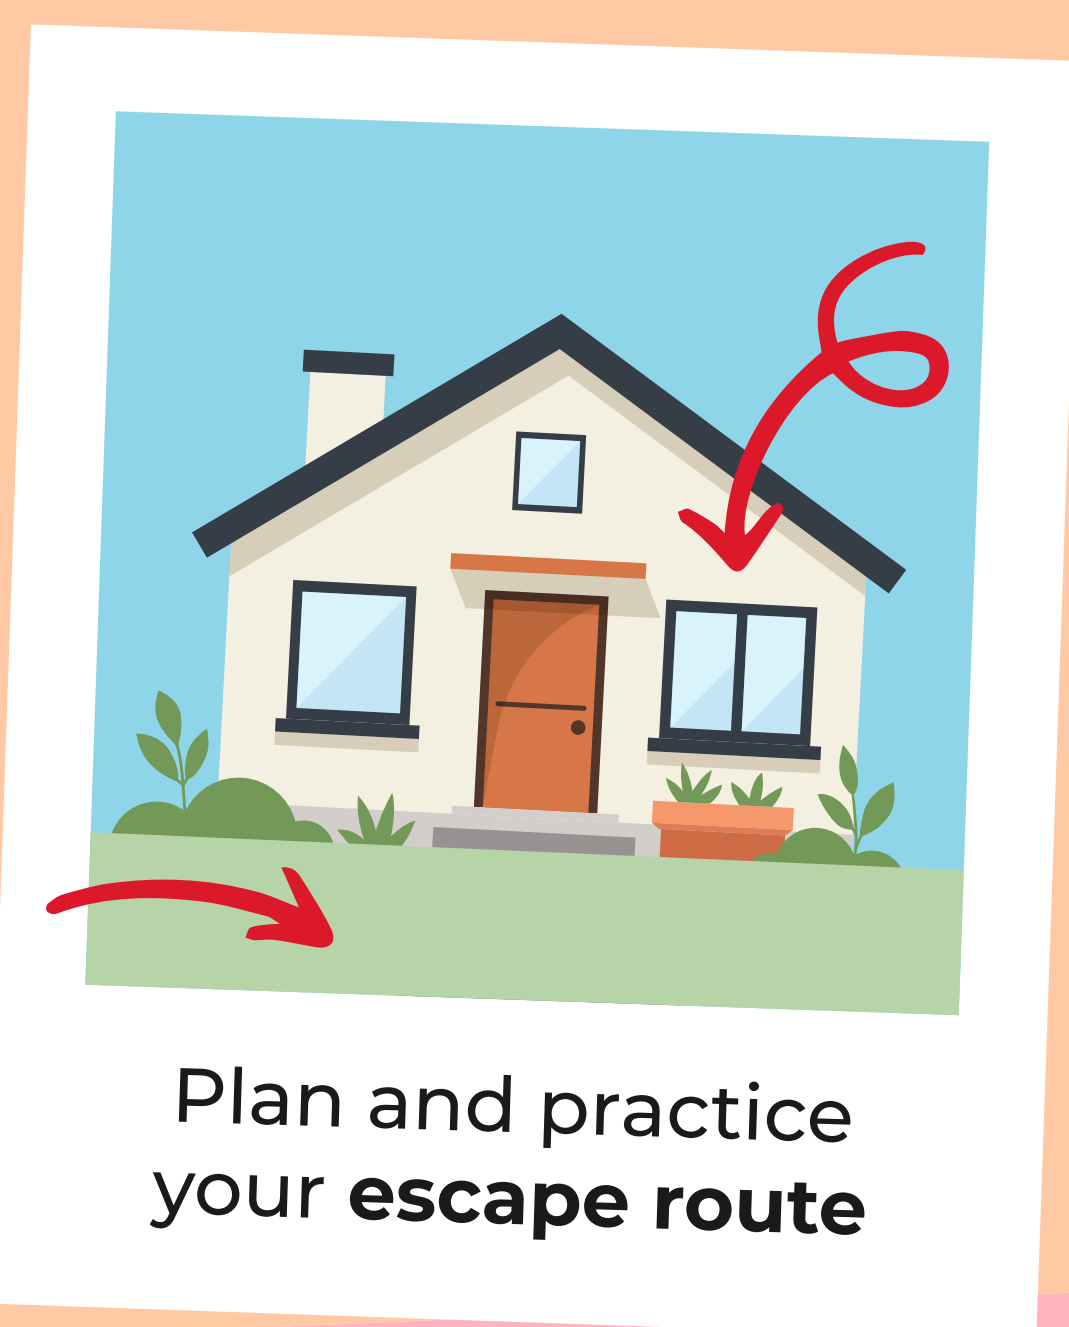

Ensure pets are **microchipped and wearing up-to-date ID tags**

Preparation

Getting ready before an emergency

Display a **pet alert sticker** on your property

Keep **leads, harnesses and carriers** near exits

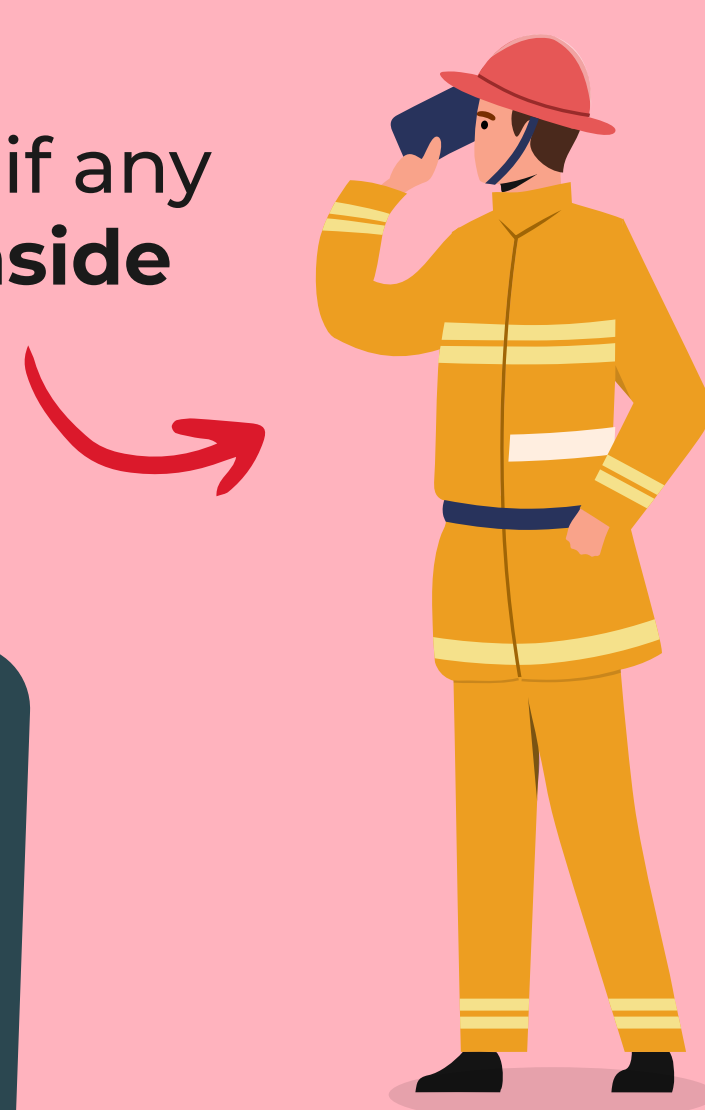

Response

What to do in a fire

Seek advice if you or your pet may have **inhaled smoke**

Tell firefighters if any pets are **still inside**

Leave the property **immediately**

Call emergency services once **outside**

Never re-enter a **burning building**

Take pets with you if they are **quickly and safely accessible**
